DISBURSEMENTS are items arranged for and possibly paid for on your behalf by Beechwood. You are expected to pay for these items at the time the contract is entered into. The following are some items that are often identified as disbursements.

Municipal Death Registration Fee – this is a fee charged by the local municipality to register the death. The fee is set by the municipality and may vary.

Coroner's Fee – Charged by the coroner's office for issuing a certificate which allows cremation to take place. The fee is set by the Chief Coroner for Ontario.

Cremation Fee – This is the fee charged by the crematorium to receive the remains, provide a temporary and secure holding area, ensure the cremation takes place in a timely manner, and to prepare the proper documents and return the urn to the Funeral Home.

Clergy honorarium – An amount paid to the clergy for their services. The amount is traditionally set by the clergy.

Musician – This fee is set by the individual and is paid directly to the individual.

Newspaper Notices – The Funeral Director will be happy to help compose the obituary with you and submit it to the newspaper of your choice. The amount charged varies by media type.

Grave Opening and Preparations – this is a fee charged by the cemetery to open and close the grave for either a casket or urn interment, and might also include the preparation of the graveside setting with chairs, canopy, matting, etc...

Floral Arrangements – This is generally a service that is handled between the family and the florist.

PAYMENT OPTIONS: Payment may be made by Visa, MasterCard, debit, cheque, or cash.

PAYMENT AT TIME OF DEATH: A 50% down payment is due upon signing the contract. The balance of the payment is due within 30 days of signing the contract. Beyond the allotted time, interest will be charged at a monthly rate of 1.5%, which is equivalent to 18% per annum.

FUNDING AHEAD OF TIME: We offer prepayment of services and supplies. When prepaying, you pay for the services and supplies today and the money will be used to pay for the services and supplies when they are delivered at the time of death.

A)Funding Option in Trust: You may pay the money directly to us and we will place it in trust, where it will accrue interest until the contract is fulfilled (when the services and supplies are delivered) or the contract is cancelled. The interest that accrues is used to offset any inflationary costs of the services and supplies that are prepaid. If there are excess funds in the account at the time the services are rendered, those funds will be returned to the estate.

B)Funding Option Insurance/Annuity: You may purchase an insurance/annuity policy where the proceeds of the policy will be used to pay for the services or supplies at the time they are delivered or the contract is cancelled. Different payment options are available to suit your needs.

If you are pre-paying for services or supplies, pre-authorized chequing is also available.

JOURNEY HOME TRAVEL PROTECTION: Affordable peace of mind whenever and wherever you travel.

FINANCIAL CONSIDERATION: There is no financial consideration offered on the Minimal Service Package.
